Beloved Saint Germain

To Increase the Light Capacity of Chelas

Hail, O light of the Sun within the heart of my own. I AM here! I AM Saint Germain! I stand in the heart of America to seal the light of those who are of the light and to seal the destiny of worlds.

Ladies and gentlemen, chelas of the light, I salute *you*. For I am ever with you, and I come to reinforce the reality of my Electronic Presence in the very heart of the mission. Lanello stands with and in the Mother, and to the right and to the left are Godfre and Lotus converging, then, the full momentum of the I AM Law and the I AM students¹ and all that has gone before in our effort to bring to the people of this great nation the light of the Ancient of Days.

I have come to draw my ring of fire around you and to bring you into my heart, there in its secret chamber where I desire to impart to you, as I did impart to Godfré Ray King, memories of the soul's long journey *from* the light, *through* the night, and *unto* the light again.² Most beloved, won't you be seated.

bodies, do not become so identified with the passing chimera that you no longer see or remember that you are a pilgrim soul journeying through these veils, anchoring a light for wholeness. Place, then, your attention upon your heart flame, your mighty God Self, and upon me. For I AM Saint Germain. I AM God-free. I infuse life with the violet flame. And I direct my attention to freedom and to freedom's flame. I AM here in the name of the Goddess of Liberty and the Lords of Karma, and I announce with great joy our nine-day novena unto the great flame that Liberty has borne on behalf of her sons and daughters.

I summon these sons and daughters of Liberty to Camelot, to the Holy Grail. I summon you, that you might come and be with us as we unfold for you light rays past, present, and future and the dilemma of world karma in this Dark Cycle,⁴ of momentums of right and left, of the coming eighties, the coming elections, and of the quality of life and consciousness that we find in America today. That quality, my beloved, is not always adequate. The cups are not strong, nor are they clear. Therefore I have directed the reading today of the instruction that I gave to Godfré of old.⁵ It is fundamental instruction given in the Royal Teton Retreat for all chelas of the light.

I desire to work a work through this very body in this coming week, and the fourteen ascended masters who guard and guide the destiny of America have assembled with me today on this platform. We come in great concern for the outcome of this government, of the decisions being taken by the Congress, and of the steady infiltration and penetration of darkness through the Soviet Union and through the betrayers—the seed of the wicked, whom the Great Divine Director has made known to you.⁶

The Great Need of the Hour— Intense Concentration upon Your I AM Presence

We desire, then, to anchor a mighty light through this body and through our chelas in our centers around the world. Therefore, we draw your attention to the great need of the hour. It is indeed intense concentration upon your mighty I AM Presence and it is God-harmony in the feeling world and in the mind.

Oftentimes a peaceful mind is triggered into turbulence and turmoil by the feeling body, and often the feeling body becomes as a hurricane by habit, by rote. Often individuals consider that they ought to become excited, given a certain set of circumstances. And therefore whatever may occur that is disturbing or out of alignment, they begin as an engine to generate and to rev up the rolling of that engine within the feeling world until the mind is pitched to a fever excitement. And between the feeling world and the mental body, we cannot in any way anchor a polestar of light and harmony to regroup people and forces around the great light of the mighty I AM Presence.

Some, then, charge into their decrees this momentum of anxiety, of human concern for the human problem. Some enter into spirals of criticism and blame toward others whom they think have caused the outer condition. Well, it is safe to say that among lightbearers 99 percent of the conditions and problems begin with projection, psychic hordes, the seed of the wicked, intense and massive condemnation of the messenger, of the teachings of the ascended masters and of the ascended masters themselves.

This activity of light, as you well know, has come under bombardment recently by various groups and individuals who have an obsession and a fixation on darkness and on condemnation. This they have directed personally against

the messenger. And as it has been directed to the messenger, so by proximity it has, as you would say, rubbed off on the chelas and the community, and some suffer even more than the messenger because of an absence of their own God-mastery of harmony and their failure to heed the word of the messenger in the use of the dynamic decrees and the reversing of the tide.

Give Your Calls Every Hour

You have been told that under conditions of the intense battle of Armageddon, it is necessary to give your calls *every hour*. This does not mean that a group of individuals serving in the tag⁷ are able to turn back—for every individual in the campus or in the community worldwide—those arrows and slings of outrageous fortune. It means that once in every hour, preferably on the hour, the individual will turn his attention with intense devotion and adoration to his own mighty I AM God Presence, and in that moment pour out intense love and utter the fiat:

The light of God never fails!

The light of God never fails!

The light of God never fails!

And the beloved mighty I AM Presence is that light!

I not only authorize you but I command you, as your commander in battle, to do this! It is all that is required! You do not need to lose your momentum of work or stop what you are doing, any longer than it takes you to turn and face Almighty God and *give* to him all power, *give* to him the problem at hand!

Then there will pour through you the answer to the problem—the *power of Almighty God*—and you will be recharged. And therefore not tying your emotions and the agitation of the mind into world conditions or conditions

concerning the activity, you will make yourself hour by hour a crystal chalice, a cup expanding and widening so that we may pour into you the light necessary to hold the balance. For these are indeed treacherous waters.

Watch That Subconscious!

As the Maha Chohan has told you would come, Serapis Bey has increased the light of the ascension by his *Dossier*, by his retreat, by the July conference.⁸ And by certain inner dispensations, greater light is in the earth as the anti-light movement rises.

Beloved ones of my heart, it is in these very hours that precede the dawn of 1980 that we must set forcefields of great magnitude to hold the balance not only for you, for Camelot, for the messenger, the community, and the teachings, but also for America, that the flame of freedom might endure in the heart of the earth.

Remember, then, that many of you are harmonious in your hearts and in your souls and steadfast in your service, one-pointed in your goals. All of this is virtue and commendable. But it is the feeling world itself—in rote, mechanized, human habit—that agitates under conditions of turbulent waters all around you.

I charge you, then: Watch that subconscious! Watch what surfaces and see to it that the mind does not trigger the emotions, that the emotions do not trigger the mind, and that you do not have—instead of God-dominion—a ping-pong match one between the other, with the ball of energy going back and forth with increasing intensity until it is out of control and the game itself is lost and your vehicles have not been used by the twin flames of Alpha in the mind and Omega in the feelings—the twin flames of Gemini, the Gemini mind of God taught to you by El Morya,⁹ which has the attunement upon the universal Mind, and with that Mind

to bring to you, as a unified body, the God-solution to every question that we face.

There Has Been Condemnation upon Every Saint Before You

Beloved ones, I come. I come with a great desire to draw you into these inner initiations, to give you the sense of continuity of the mission. If there is condemnation upon you, know that there has been condemnation upon every saint before you, upon Lanello and Godfre and Lotus and myself. But we stand as God-free beings, and our condemners are yet bound by their condemnation! Long ago we determined not to be moved, not to be turned aside by that condemnation or that hatred.

And in our great determination, we—in our own hour of overcoming, in the hour of that testing of our souls—determined that our attention upon our God Source was the open door to limitless God-consciousness and a circle of light and of sacred fire, a wall of such light that any and every demon that would lunge itself and plunge itself against that citadel of our identity would instantly hit that wall of light, be flattened, and fall into the fire to be consumed.

Beloved ones, this is happening in this very hour as your messenger is surrounded with the light that she herself invokes in order to seal her forcefield for the victory. You may do the same and you may find yourself renewed, buoyant, joyous, having limitless energy instead of being burdened with sickness and a loss of energy, with depression or even boredom.

We look, then, to galvanize a circle of fire so intense, and a tube of light round about this community of the Holy Spirit, that no thing can enter unless you allow it to enter. You are the keepers of the gate of Camelot. You are the keepers of the gates, twelve in number, of the Holy City. You are the keepers of the gate of your seven chakras.

It Is the Exercise of the Word That Gives the Power of the Word

I say, you *can* do better! You *must* do better! And you *will* do better! And you can measure and gauge how well you do, what is your performance, by results. It is, after all, results that count. At least a decade or more ago, your messenger began to shout the Word of God in invocation by the hour for the protection of the mission and of every chela upon the planet. These calls have gone forth daily and hourly all of these years, and by these calls you have been sustained.

Now, I say, open your mouth! *Roar* like a lion! See how—by the call made with the intense fervor of determination, with the love of your heart poured out to God in such intensity—you will know that when you pray, you absolutely contact the altar of the Most High God. When you pray, you stand face-to-face with our Father who art in heaven, with his representatives Alpha and Omega. You stand directly in the courts of heaven before your own Great God Self. This intensity of devotion will give you that certainty, and it is the exercise of the Word that gives the power of the Word.

Beloved ones, some of you labor long in your devotions and in your dynamic decrees. You could shorten the period of your devotion and your dynamic decrees if you had a fiery intent, a greater harmony, and a greater conscious awareness of your God Self. I will not assign you, then, more decrees. I will assign you greater intensity, love, harmony, and attention. And then you will see how you will accelerate as a chela on the Path.

How Can We Pour Light into a Leaky Vessel?

We care for you. We hear your calls and prayers. We desire to take you with us. But, beloved ones, when we give dictations and then you go forth and you allow the least little

thing to cause your energy levels to drop, to enter into sadness or disappointment or a certain agitation, how can we again and again pour light into a leaky vessel? We must wait. And as we wait, many of you show greater and greater merit by service and endless service and thereby earn good karma by good works.

Beloved ones, some of you have such a momentum of good karma by good works that I daresay, if you will only submit to your own God Self and the flame of God-harmony, you will see such acceleration of progress on the Path as to scarcely recognize your own image in the mirror one month from this dictation. I tell you, you have earned it but you have not received it! For we come to pour out of a crystal vessel, and we have a cup that is not mended—tiny little leaks in the cup.

This is all that is required—the mending of the cup, the attention to detail. These teachings in the early lessons of the Keepers of the Flame,¹⁰ in the first three books of the I AM Law,¹¹ are for you. They are foundational. Learn them well.

Life does not desire to postpone your attainment, your leaving your body consciously at will, and your acceleration into the interior temple of life. Beloved ones, we desire to see in this decade of the eighties unascended chelas with mastery, with example.

You can do it! It is within your grasp! It is as though the Tree of Life, with its ripened fruit, were there above your head and Lord Maitreya said to you, “Pluck the fruit! For you may now eat of this fruit of this initiation.” It is as though absent-mindedly you almost did not hear him and you rather enjoyed the gentle breeze or the sunlight or the view, and you passed by the fruit and did not pluck it.

Let us set our house in order. For challenges come, trials are at hand, greater initiations, and indeed the saving of America.

Release Worries, Cares, Records, All That Assails You

All of you who harbor within yourselves any rancor or discomfort toward any part of life or any previous experience in this embodiment, with yourself or with anyone, I demand it go into the flame! We have no further time for you to review and review and review these old episodes. Be done with them!

Let the cares of the past be no more. You have long been forgiven. There is no need to desire recompense or one last word with another lifestream with whom you have had inharmony. Commend them all to me! And I will see, as I am Saint Germain, that any and all persons with whom you have been involved will be sealed in my light and drawn into their own area of service and instruction, those who have not taken our teachings or you as a representative of life.

Beloved ones, this is an hour of great testing. I come to increase the light capacity of chelas. Therefore in this moment I am asking you to cast into my flame—the very flame of my heart and person—the past, the subconscious momentums of conflict, all that is out of alignment, whether conscious or unconscious, within you. And I promise you that the Great Law will not receive from you any more than is lawful or healthy for you to surrender.

Therefore with me now in deepest prayer, meditate upon the Great God Self and feel the easing of the tension in the solar plexus, in the mind. Release worries, cares, records, all that assails you. I have come to take it because it is necessary.

Godfre and Lotus Transfer the Fiery Coil of the Momentum of Their Service

I AM THAT I AM. I AM the Guru of the messengers and the chelas. I place my Electronic Presence in intensified light

and God-consciousness within Camelot, within every department of service, within every teaching center, and I place a replica of my Presence in the heart of every true Keeper of the Flame. I intend, in this fourteen-day cycle that begins today,¹² to intensify my God-consciousness, my God-freedom, my God-vision, and my God-victory.

My initiations unto my chelas—the mantle of the I AM Activity—is fully and totally upon these two witnesses. Therefore Godfre and Lotus transfer the fiery coil of the momentum of their service, complete throughout all ages,¹³ upon this messenger and upon every chela who will walk with them in the fulfillment of the Law, which they outpictured in my name, in the name of Jesus Christ, in the name of the Great God Self.

This ceremony has taken place at the Royal Teton Retreat, and it is reenacted here for the anchoring at the Altar of Invocation and in the auras of the chelas—this momentous event of the acceleration of the light and the one-pointed diamond of El Morya whereby the entire Spirit of the Great White Brotherhood summons *all*—all who know the I AM God Presence—to that single sword Excalibur for the victory of light in 1980 and beyond!

We Call! We Teach! We Instruct!

That the golden age might appear, we come! We appeal! We call! We teach! We instruct! And we, in the name of Mother Mary, the Cosmic Virgin of light, give birth to the Manchild in the heart of every chela of the light throughout earth and her evolutions.

By the light of the mantle of the I AM, I anchor within the heart of Mother the soul matrix of every soul whom I desire to place firmly upon the path of the ascension in this century.

These souls worldwide, who have been notified in the hour of their birth of the opportunity of the ascension, have their electronic forcefield and presence sealed at Luxor.

That sealing and that forcefield is now in the heart of the messenger—accelerated, multiplied, intensified by beloved Maximus—that everyone might have the opportunity to fulfill the requirements of the Great Law for the ascension, and in the process hold the flame of God-harmony for the earth—earth in transition unto the transfiguration of the light of the Son of God!

O earth, I seal you in the heart of Helios and Vesta for the Victory! I AM Saint Germain! I AM here, and I AM here to stay! Always, I AM.

“The Summit Lighthouse Sheds Its Radiance o’er All the World to Manifest as Pearls of Wisdom.” This previously unpublished dictation by **Saint Germain** was delivered by the Messenger of the Great White Brotherhood Elizabeth Clare Prophet on **Sunday, September 16, 1979**, during the Sunday service at Camelot, Los Angeles County, California. Any books listed in the following endnotes are published by Summit University Press and are by Mark L. Prophet and/or Elizabeth Clare Prophet unless otherwise noted. Books, audio, and video products are available at Store.SummitLighthouse.org. The widest selection of audio files, including dictations, is available at AscendedMasterLibrary.org. **(1) Godfre and Lotus.** Guy W. Ballard (1878–1939) and Edna Ballard (1886–1971), now the ascended masters Godfre and Lotus, founded the I AM Activity in the early 1930s under the direction of Saint Germain. The I AM Activity, through Godfre and Lotus as Saint Germain’s messengers, taught the action of the I AM Law of Life and the limitless power of the Great God Self within every person, which is obtained through invocation to the I AM Presence. The thousands of their students were known as the I AM students. Guy Ballard made his ascension on December 31, 1939, having won his immortal freedom through his obedience to the laws of God, and Edna Ballard made her ascension on February 12, 1971. **(2) I desire to impart to you, as I did impart to Godfré.** Saint Germain contacted Guy W. Ballard in August 1930 on the side of Mount Shasta in Northern California and began training Mr. Ballard (pen name Godfré Ray King) as a messenger for the Great White Brotherhood. Saint Germain escorted Mr. Ballard in his finer body to localities where the Ballards had lived in past embodiments, imparting to him important lessons in cosmic law. These experiences and revelations of Guy Ballard’s past embodiments are recorded in his books *Unveiled Mysteries*, *The Magic Presence*, and *The “I AM” Discourses*, written under the pen name Godfré Ray King. (Chicago: Saint Germain Press, 1934, 1935, 1936) **(3) II Kings 2:11.** **(4) This Dark Cycle.** The Dark Cycle began on April 23, 1969, and marked the beginning of the cycle of the intensification of

the return of karma. In this period of transition from the Piscean to the Aquarian age, the Great Law requires that the evolutions of planet Earth deal directly with the momentums of personal and planetary karma set aside for centuries by the grace of God through his Sons incarnate (i.e., Jesus Christ and other avatars). In the face of the same propensity for darkness prevalent before the Flood, when “the wickedness of man was great in the earth” and “every imagination of the thoughts of his heart was only evil continually” (Gen. 6:5), the Lords of Karma decreed this action in order to deter an even greater abuse of life’s opportunity and to forestall that cataclysm, which may be the ultimate consequence of the rising tide of world sin. On August 20, 1969, the messengers explained that “the coming of the Dark Cycle simply means that the hand of mercy that for centuries has stood between mankind and their own dark deeds has been withdrawn. The law of God will bring swift and compelling judgment to those who have thought they could flaunt the Law.” “Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap.” (Gal. 6:7) The Dark Cycle concluded on April 22, 2002. **(5) The reading today of the instruction that I gave to Godfré of old.** Among the many instructions given to Godfré by Saint Germain in *Unveiled Mysteries* (as read by the messenger shortly before this dictation), Saint Germain explained: “There is only one passport into the ‘Presence,’ of these Great Ones and that is enough Love poured out to one’s own God Self, and to Them. . . . When an individual becomes determined *enough* to serve only the Constructive Plan of Life, he disciplines perfectly his human nature, no matter how unpleasant the task. . . . If the student has not, be not willing to, or does not discipline the personal self, so it is calm in mind, peaceful and loving in feeling and strong in body, he is not material that the Ascended Master can use in the more-than-human work that he does. . . . Every individual on earth is free each moment to ‘Arise and go unto the Father’—his God Self, if he will but turn his back upon the creation of the human senses, and hold his attention on the Only Source in the Universe from which peace, happiness, abundance, and Perfection can come. There is a way for all to come into contact with the Ascended Masters, and that is to *think* upon them, *call unto them* and they will answer every call with their own ‘Presence’ of Love, but the motive for the call must be, Love of the One Source, Love of the Light, Love of Perfection.” See Godfré Ray King, *Unveiled Mysteries* (Chicago: Saint Germain Press, 1934), pp. 141–45. **(6) The seed of the wicked.** In his dictation of June 15, 1979, the Great Divine Director referred to the seed of the wicked as “the dragon of World Communism and with the force that sustains it through the seed of the wicked in the banking houses and in the capitalist economies.” (*Pearl of Wisdom*, this volume, no. 1) **(7) Serving in the tag.** At the time this dictation was given, there was an ongoing twenty-four-hour decree tag for the protection of the messenger and the community, which included calls on world conditions.

(8) **Serapis Bey has increased the light of the ascension.** For information on Serapis Bey's *Dossier on the Ascension*, see *Pearl of Wisdom*, this volume, no. 23, n. 4. For a description of Serapis Bey's etheric retreat, the Ascension Temple, see *The Masters and Their Retreats*, pp. 421–24. The July conference 1979, *The Coming Revolution in Higher Consciousness*, was held at Camelot, in Los Angeles County, California, during which Serapis Bey and Sanat Kumara gave a dictation on June 29. (9) **The Gemini mind of God taught to you by El Morya.** El Morya's landmark dictation on the Gemini mind was given on October 8, 1977, and is published in the 1981 *Pearls of Wisdom*, vol. 24, no. 43. (10) **The early lessons of the Keepers of the Flame.** Those who are members of the Keepers of the Flame Fraternity receive monthly lessons dictated by the ascended masters. For further information or to join the Keepers of the Flame Fraternity, see KeepersOfTheFlame.org. (11) **The first three books of the I AM Law.** See note 2. (12) **This fourteen-day cycle that begins today.** Saint Germain may be referring to the cycle of the fourteen stations of the cross, which the messenger, Elizabeth Clare Prophet, began walking on June 27, 1972, as directed by El Morya for the balancing of personal and planetary karma in the Piscean age. On March 23, 1978, the messenger explained: "Fourteen is a two-week cycle. Two fourteen-day cycles make twenty-eight, as a twenty-eight-day month. The first fourteen-day cycle is the Alpha cycle, and the second fourteen-day cycle is the Omega cycle. . . . June 27, 1972, is actually the beginning of the Mother and her children walking the fourteen stations of the cross. In reality, you and I began walking those stations together." The messenger explained that Jesus walked the fourteen stations in the Piscean age. The Mother and her children walk the stations in the Aquarian age. Walking the fourteen-day cycles of the stations is for the transmutation of the misqualified energies on each station and for the amplification of the God-qualities on each line or station. (13) **Godfre and Lotus transfer the fiery coil of the momentum of their service.** In explaining the continuity of teachings given through the I AM Activity and the teachings given through the messengers Mark and Elizabeth Clare Prophet, Godfre and Lotus gave a dictation on July 7, 1990, in which they said: "It gives us great joy to address you in this place, a place truly prepared, which Saint Germain showed to us long ago as a gathering point for those who would continue in the service of the I AM. Thus, the I AM movement was the foundation, and The Summit Lighthouse, as Church Universal and Triumphant, is the continuity of the ancient message of the Ancient of Days come again. Therefore we cherish this movement, for it represents to us all that we have hoped for and the continuity of that which we have built and given our lives to. Today you give gratitude for our foundations laid. And today we give gratitude to you who have kept the flame of the mighty I AM Presence and will not be moved *come what may*." (1990 *Pearls of Wisdom*, vol. 33, no. 30) See notes 1 and 2.

Our Gracious Godfre

Blessings to thee, gracious Godfre
 Gentle Obedience, so dear
 Showing us Freedom's great vict'ry
 Helping us make our way clear.
 Golden-robed brother of heaven
 Through us let all thy light shine
 Help us, each one, to fulfill his God plan
 Wonderful heart-friend divine.

Godfre Ray King, Freedom called thee
 "God-free" by pure I AM pow'r
 Every lifestream is a "ray," too
 Beamed from the Father each hour.
 Light is the king of creation
 Raying its beams from God's heart
 Healing, illumining, prospering all
 Proving the mast'ry thou art.

By thy great service to mankind
 Saint Germain's wide open door
 There has been drawn to this planet
 Love from those gone on before.
 Those now ascended in glory
 Flood forth their light to all men
 Now may the fullness of all in God's heart
 Bless thee again and again.

Great Central Sun and our Helios
 Vesta and masters above
 Your dispensations of mercy
 Pray we for this God of Love.
 Let all on earth know his service
 Tell them of Freedom's desire
 Make our dear planet at last Freedom's Star
 Victor by violet fire!*
